RE: Endorsement for the Journey towards World Environment Day (JOWED) project and the NGO Kwetu Events International Initiative.

Refer to the heading above and your letter with Ref No. CSR: S. VENTURES: TZ: 01:024: GEN of 9th April 2024 Introducing the project **Journey towards World Environment Day (JOWED)** and posing a request for endorsement and support. We at Sahara Ventures believe that efforts to conserve the environment are crucial to pursuing the 2030 global agenda for sustainable development and that these efforts should be inclusive.

The best way to solve a problem and create an impact is by building a sustainable business around it. Besides community sensitisation and other programs, your project, JOWED, empowers eco-friendly start-ups and involves the youth by establishing environment clubs in schools, colleges, and universities.

In that regard, on behalf of my team at Sahara Ventures, I extend my continued support and appreciate your initiative. I am ready to offer my expertise, especially in empowering these green-business start-ups and participating in encouraging youth in schools and colleges. It is from this context Sahara Ventures is endorsing your project Journey towards World Environment Day (JOWED) and your general environment conservation efforts, and we are urging both domestic and international entities to provide all the necessary support to the project JOWED and the NGO – Kwetu Events International Initiative.

Thank you for your continued cooperation
